

# BUILDING DECLARATION

We declare the new auditorium and studio shall be built and completed!

We say to *ALL* the walls in that area...**OPEN UP!**

We decree it shall happen without delay.

We say that we have all the finances needed, for the Lord is building this house.

We have more than enough, excess and overflow!

Lord, you are providing seed to the Sower.

We call upon you Lord of Hosts to bring forth heavenly assistance and raise up multitudes of people that shall give abundantly to this work.

We prophesy that we shall double, *double*, and then we will **double** again.

We declare new things now!

We decree, new sanctuary and studio, **be built now!**
